

OHV Green Sticker Grant Application

GREEN OR RED STICKERS

If you operate a motorized vehicle off-highway (OHV) in the state of California, you must have either a Green Sticker or a Red Sticker that has been issued by the Department of Motor Vehicles. The Green Sticker allows vehicles to operate on public land all year. The Red Sticker is for motorcycles and ATVs model year 2003 and newer that do not meet the emission standards established by the California Air Resources Board. The Red Sticker is exactly the same as the Green Sticker except that these vehicles can only be operated during certain times of the year. This year \$27.1 million in funding generated from the sale of these stickers will be available for distribution among four categories: education and safety, law enforcement, operations and maintenance, and restoration.

PRELIMINARY GRANTS APPLICATION REVIEW PROCESS

All preliminary applications for funding support from the OHV Motor Vehicle Recreation (OHVMR) Division of the California State Parks system were due on March 2, 2009. The 30-day public review and comment period for the 2008/09 Grants and Cooperative Agreement Program begins March 3, 2009, and ends April 6, 2009. This period provides an opportunity for the public to review the preliminary applications submitted to the OHMVR Division for consideration during the current grant cycle. The public may provide comment to both the applicant and the OHMVR Division by emailing the contact person listed on the preliminary application and copying the OHVMR Division at OHVinfo@parks.ca.gov.
